Spring is here! Or is it? Some of us in different parts of the country are still getting snow! Isn't that a lot like life? You expect your life to go a certain way and what you've been desiring still hasn't happened yet. You may even feel discouraged about it. Be not discouraged!

If you desire to have love in your life, you must be in position to receive love. Here are 7 tips to position yourself to receive love:

1. BE THE SEED GOD HAS YOU TO BE.

In order to experience true love from your future mate, you need to experience the true love that only comes from Jesus Christ! Once you feel His love, you will be able to recognize the love of Christ in others.

2. CHECK YOUR SOIL.

Make sure that you are planted in the right environment. Think positive and associate yourself with positive people. "Be not deceived: evil communications corrupt good manners." - I Corinthians 15:33

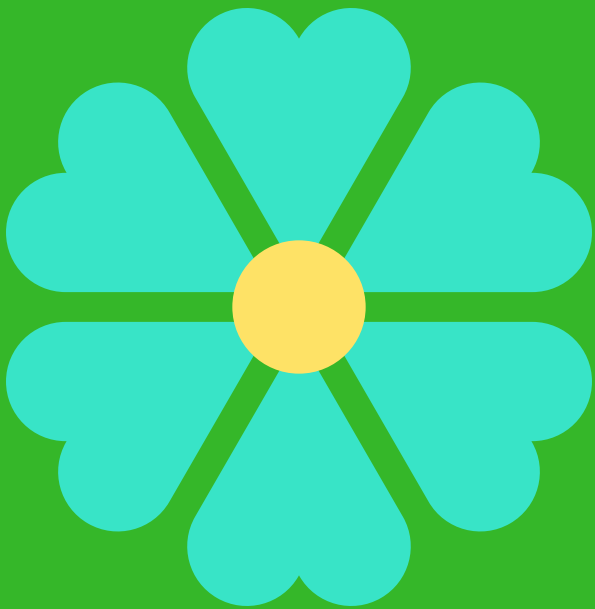

3. BLOOM WHERE YOU ARE PLANTED.

Start with YOU. Start with where you are. Start with your immediate surroundings and associates.

4. CHECK YOUR ROOTS.

Most times, our issues and/or insecurities are deeply rooted. It can hinder us from receiving love. Check your roots daily by praying, reading the Bible and having accountability partner(s) to speak to you truthfully about yourself.

7. SEASONS CHANGE.

There will be seasons where you may feel lonely. There will be seasons where you may feel like you don't need to have a mate at all. Regardless of which season you are in, always know this: your Heavenly Father knows the desires of your heart. His word will NOT return unto Him void!

What God has for YOU is for YOU! Always be open to receive.

5. APPRECIATE THE RAIN.

Everyday isn't a bed of roses. Some days you feel loved and lovely and some days not so much. Remember your Heavenly Father loves you with His unconditional, everlasting love that even those bad situations are working in your favor. Life is worth "loving!"

6. ADAPT TO THE WINDS OF CHANGE.

The only thing consistent in life is change. Don't be so inflexible with your expectations. Be open to new possibilities and new opportunities. Love may come where you least expect it.
